TOPIC 2 Systems of Linear Equations and Inequalities

Name _____ Date _____

Reminders

Boundary: solid for ≤ or ≥, dashed for < or >.

Test (0, 0): true → shade its side; false → shade the other side.

Words: at least ≥ · at most ≤ · more than > · less than <.

1. The boundary line for $y \leq 3x + 1$ is…

A. dashed, because ≤ includes the line

B. solid, because points on the line are not solutions

C. solid, because ≤ includes the line

D. dashed, because the slope is 3

2. Which point is a solution of $2x + 3y \geq 12$?

F. (1, 2)

G. (0, 3)

H. (2, 2)

J. (3, 3)

3. Graph $y > x - 2$. Describe the boundary line and which side you shade.
